Rations for the Southern Poor. It is stated that Gen. Howard, who is at

the head of the Freedmen's Burean, is to resign; and it is also stated that an order has been issued to discontinue rations to the Southern poor, and to turn them over for support to the local civil authorities. We do not see how the latter statement can be correct, when we call to mind the following resolution of Congress on the subject :-

THIRTY-NINTH CONGRESS-FIRST SESSION-CONGRESS OF THE UNITED STATES, IN THE HOUSE OF REPRESENTATIVES, MAY 1st, 1866. Mr. Kelly submitted the following, which was adopted:

WHEREAS, It is reported by citizens of Alabama, in formal memorial to the two Houses of Congress, that many of the people suffering from want of adequate supplies of food, and that considerable numbers of them have died of actual starvation, therefore Be it resolved, That the President be re-

quested to instruct the proper officers of the Bureau of Refugees and Freedmen, to enquire into the condition of said districts, and any other district of the late insurgent States, in which such suffering may be said to exist, and to relieve the people thereof, and pro- The Emperor of Austria grants a new vide them with corn and other seed for planting a crop sufficient for an annual supply of each family requiring such relief.
(Signed) EDWARD McPHERSON,

This resolution is still in force. It was introduced by a leading "radical"-Judge Kelly, of Philadelphia. It makes ample provision for the poor of both races; and we do not doubt that the President will cause the resolution to be duly carried out, if the officers of the Bureau shall report to him that ably ceded Venetia to Italy. it is necessary to do so.

Extract from a letter to the Editors of the Standard, dated East Tennessee, Aug. 15th,

"The people are becoming unduly excited in East Tennesee—some endorsing the course of the President, and condemning the course of Congress, and vice versu. Each party denouncing the other; politicians making speeches over the country, &c., all of which is calculated to bring trouble upon us. The other day there were two men killed at is said to have been the result of a speech made there by a member of the Tennessee Legislature, just returned home. A Union man was killed recently at Estelville, Virginia, by rebels, because, as I learn, he refused to be drilled by rebel officers who had taken it upon themselves to organize the militia, but, for what purpose, I am not informed.

I fear, I awfully fear that worse times are

coming upon us." HERRING'S SAFES IN THE LATE PORT-LAND CONFLAGRATION .- There is a moral to be drawn from one of the incidents of the late disastrous fire in Portland, that should be carefully considered by those who would avoid a danger that is all the more insidious because we are apt to imagine ourselves secure from it. We refer to the test that has deal of fire there. The word SAFE, which is applied to the iron chests or boxes that are anufactured by all makers, is only applicable, in reality, to such as have successfully stood the test, and our advertising columns show that the Herring Safe fairly sustains the reputation it long ago acquired, of being one of the most perfect fire-proofs yet made. After seeing the reports of the great losses of valuables contained in other safes, we were led to inquire why people should be so blind to their own interests as to trust their treas ures in such insecure depositories, when others that had been proved and tried in hundreds of fires, could be had, and we were informed that in this, as in many other matters. people forget the motto. "The best is the cheapest," and that one cause of the great loss in this instance was, that the Portland merchants had purchased safes manufactured in the East that were cheaper than Herring could afford to sell his for. We should as soon trust our funds to a street broker, who might offer a large interest, than the more cantious and wellknown neighboring banker as put our valuables in an iron box that will not stand the test of fire; and having experienced the satisfaction of owning one of Her ring's make, we the more cheerfully recommend them to our friends .- Scottish American Journal.

A CANADIAN CHEESE.—At a factory in Canada a huge cheese has been made, which weighs three and a half tons, and measures six feet eight inches in breadth, and three in thickness. The milk used in it manufacture weighed thirty-five tons, and was furnished by eight hundred cows. This huge cheese will be on exhibition in Toronto at an agricultural fair to be held there during Septem-

THE CORN CROP OF THE UNITED STATES. A correspondent of the Cincinnati Gazette gives some interesting statements of the corn crop of this country, and by some tabular statestics shows that the average increase of this crop is about five per cent, per annum.In 1850 the crop was 377,531,875 bushels; in 1860, 592,671,104; in 1860, 830,461,705; and RALEIGH NATIONAL BANK OF N. While standing in the yard, with his gun by his side and his dog playing about him, and jumping up on him, the dog accidentally struck his foot against the hammer of the gun and fired it off,-the shot entering the left of Mr. Cole's abdomen, and traveling upward along the left side and coming out at the shoulder. At last accounts Mr. Cole was alive, but his ultimate recovery is considered doubtful, -Sentinel.

Prospect of the Cotton Crop.

NEW ORLEANS, August 21.—The cotton is reported as knee-high in the eastern part of Warren and Claiborne counties, Miss., and devastated by the worm. Reports from Hinds, Madison, Carroll, Claiborne, and Scott counties give a basis for an estimate that the crop of 1866 would be four hundred thousand bales in Mississippi, and one mil-lion seven hundred thousand bales in the

HOOSIER WOMEN .- A couple of women got into "an entanglement" at Madison, Ind., a day or two ago, and one of them fractured the skull of the other by a blow with a stone. Young men intending to marry Hoosier girls will make a note of this " straw," and have their heads ironelad before slipping into the noose.

The third twenty-inch cannon ever cast was cast on Saturday afternoon at the Fort Pitt cannon foundry, Pittsburg, and so far as can at present be known, was cast successfully. Three furnaces were employed in melting the metal, and these were fired early in the morning. The first contained 68,000 pounds of metal, the second 37,000 pounds, and the third 25,000, making a total, in round numbers, of 140,000 pounds of metal required for the gun,

A Delegation of Workingmen wait on the President.

Addresses by both Parties in relation to the present Labor System.

Washington, Aug. 25.-The Committee appointed by the Baltimore Labor Convention waited on the President to-day. Mr. Tazewell, Claiborne County Tennessee, which | Hinchliffe, the spokesman, disclaimed any connection with political parties. He urged that eight hours of labor each day should become legalized, and that the public lands should be distributed so as to be reached by laborers and not by capitalists; and that workingmen shall be protected against convict labor. He asked the President's assistance to accomplish these measures.

In reply the President said he was opposed to the present system of convict labor on account of its unjust discriminations and degrading influences. He desired to see labor elevated to its proper position, and his whole history showed that he was against the monopty of public lands by capitalists. He was been applied to the safes of different manu- in favor of shortening the number of laborfactures that were exposed to the terrible or- ing hours to the least consistent with the welfare of all, and the laboring men could rely upon his influence, when it could be given in their behalf. TO THE COLORED PEOPLE OF NORTH-CAROLINA:

Convention, 1866. THE STATE CONVENTION OF COLORED men, held in this City last September, as a medium through which the colored citizens could communicate their thoughts, purposes and desires, formed a State League, with its auxiliaries, to look after the interests of the Colored People of the State. The State Legislature has been memorialized in behalf of the colored people, and our petition was treated with respectful consideration. We have, as far as practicable, esand our petition was treated with respecting consideration. We have, as far as practicable, established auxiliary Leagues to promote the cause of Education, and to look after the suffering poor. While we feel a deep seuse of gratitude to those Benevolent Societies which have done so much for the Freedman, still we are conscious of the fact that we must learn to rely upon our colors and the world is looking to us for a decrease. selves, and the world is looking to us for a dem-onstration of our capacity to perform the part of useful, intelligent citizens.

The State League is the only recognized organ-

The State League is the only recognized organization we, as a colored people, have; and it having performed its duties to the best of its ability, it was enjoined on us to call another Convertion, to be held in the City of Raleigh, on the first Tuesday in October next, the second day of the month. Let each County be represented as the Counties are represented in the State Legislature. In Counties where there are Leagues, the Counties to be represented by the Leagues. Let each County send its best men as delegates. This is no time to compliment friends at the expense of the public good. Let the people be influenced only by the consideration of qualification, and let the delegates be here promptly on the day appointed, that we may counsel together for the good of our people, and adopt such measures as will best promote our interests.

It is earnestly desired that every county be fully represented. fully represented.

Delegates will come prepared to defray the expenses of the Convention.

Delegates will come properties of the Convention.

SEVERAL PATRONS OF CONCORD FE-MALE College have requested my aid in securing Good Pianos

This has induced me to make arrangements with some of the best manufacturers, which enable me to furnish instruments of the First Class, at reduced prices. I can save each purchaser from forty to one hundred dollars. Price lists of the manufacturers will be sent to those who desire them, to aid them in making selections.

When selections shall have been made, the money can be sent to me, at my expense, by the S athern Express, and a Piano will be shipped to the Depot the purchaser may designate. Bach Piano sold will be fully warranted.
